Mayor's Message by Steve MacDougall

The Town of Lexington is proud to announce it will open the Fourth Annual Farmers Market this month at its new location Lexington Square Park, 205 E. Main St. It will operate each Saturday from June 7 - September 27 (except July 5th) from 9am-12noon. We are proud to once again offer this community service to our residents and showcase vendors selling local produce, plants, baked goods, arts, crafts and more.

Our new location combines two successful Vision Plan Projects, Lexington Square Park and the Farmers Market, bringing additional activity and exposure to downtown and Main St. Our ultimate goal is to house the Farmers Market at Project Icehouse and incorporate it with additional activities happening at the Amphitheatre Plaza.

As you may have seen, work has swiftly begun at Project Icehouse with the demolition reaching completion. We will continue working over the course of the year to begin construction of the amphitheatre and work to secure businesses that will call the location home.

The Town of Lexington is becoming a better place each day and I am proud of the hard work and dedication from my fellow Council Members, staff and you, the citizens, to help bring our Vision Plan projects to fruition. We are working hard to continue to provide the highest quality of life possible and will revisit the Vision Plan next month to ensure we are on the correct path for its future.

To learn more about the Vision Plan and its completed and current projects, visit our website at www.lexsc.com.

I hope you and your family have a wonderful summer and I look forward to seeing you at the Farmers Market each Saturday!
