PRESS RELEASE

Town of Lexington Partners with National League of Cities to Provide Service Line Warranty Program

The Town of Lexington has partnered with the National League of Cities to provide their Service Line Warranty Program to homeowners. The voluntary program is administered through Service Line Warranties of America (SLWA) and provides warranty protection at an affordable price for water lines in the event of a failure.

The NLC Service Line Warranty Program offers protection against normal wear and tear not covered under homeowner insurance policies. If lines break, leak or clog – SLWA will repair the line using local, licensed contractors, helping the resident and stimulating the economy. This program offers up to \$4,000 in coverage with an additional allowance for public street or sidewalk cutting. Additionally, the program has no annual or lifetime limits, service fees or deductibles.

Through the program, the Town of Lexington will generate royalties from SLWA which will provide an additional source of revenue to the town. The program is offered at no cost to the Town of Lexington and no public funds are used to administer the program.

For questions about this service or to enroll, contact Service Line Warranties of America at 1-866-922-9006 or visit www.SLWofA.com
